Communications without Frontiers

T60Y T65Y PTToC Portable Radio

Large Capacity Battery

Single/Group Call

Loud Speaker

- Global PTT Service
- Support NFC, Bluetooth and Wi-Fi
- Professional Appearance for Commercial Users
- Easy-to-deploy & Easy-to-expand Network

Highlights

Global PTT Service

Users can use PTT service globally via public mobile network.

NFC(optional)/ Bluetooth/ Wi-Fi

Bluetooth and Wi-Fi provide flexible ways of using PTT service in various working environments. NFC brings more possibilities for extensible application, such as patrol system.

Flexible Call Features

Provides various call types, such as private call/ group call/all call/alarm call. It supports real-time storage of recordings to local and one-click playback or download on-line recordings through the dispatch platform.

High Audio output

Provides clear and high audio output, which is suitable for users in noisy environments.

Multiple dispatching services

Working with dispatching platform, provides functions such as stun, kill, revive, Geo-fencing and track playback. Relevant applications can be developed to provide specific business solution.
